*"Unsustainable agriculture practice represents one of the greatest threats to the natural world of our generation". David Nussbaum, Chief Executive World Wildlife Fund UK*

**FOR IMMEDIATE MEDIA RELEASE  
2016**

## Caelestis in aid of WWF

**Caelestis – a French non-profit-making charitable and educational voluntary association is the only association that raises funds regularly in aid of WWF with the support of celebrities at an international level and draws public attention to the environmental impact of production and consumption (of wine in particular)**

**The first non-commercial brand 'Caelestis' created in 2011 among the prestigious Bordeaux Grand Crus Classés and dedicated entirely to WWF is auctioned with art and other environmentally friendly luxury products worldwide.**

**100% proceeds from Caelestis charity auctions go directly to WWF.**

*Caelestis means in Latin Celestial (Céleste – in French, Celeste – in Spanish, Italian) and symbolises the importance of the heavens which helps us to formulate our point of view (from the Earth) on everything which surrounds us.*

*Art & Wine Auction  
in aid of WWF*

**Close to the Stars..., close to the Earth...** Each time a different **celebrity** autographs the original specially designed wine label. Also, **Caelestis** is signed by its renowned producer and oenologist **Alain Moueix**.

**Caelestis** biodynamic wine originates from the prestigious **Château Fonroque Saint-Emilion Grand Cru Classé**.

This fine wine remains a true rarity because among a total of 176 Bordeaux Grands Crus Classés (Classified Growths), there are only 3 biodynamic certified Grands Crus Classés wines (barely 2.27% are organic).

**Caelestis** is not sold in shops and only a few bottles to share between three continents are auctioned each year, making **Caelestis one of the rarest wines in the world**.
